

New Zealand Men's Sheds - supporting 2018 Armistice Day Commemorations.

<p>Katikati</p>	<p>Manufactured 150 white crosses for the Katikati RSA. Twenty of them were used on Armistice Day. The total number are to be named and to be arranged on site at the Katikati Cemetery on ANZAC Day to commemorate returned servicemen from our district.</p>	 A photograph showing several stacks of white wooden crosses, each made of two perpendicular planks, resting on wooden pallets in a workshop or storage area. The crosses are neatly stacked and ready for use.
<p>Napier</p>	<p>Wreath holders for the RSA</p>	 A photograph of a workshop interior. Several white wooden wreath holders, consisting of a vertical post and a horizontal bar, are placed on a wooden workbench. In the background, there are signs for 'TUMU.com' and 'MEGA', and a date stamp '12/05/2018' is visible in the bottom right corner of the photo.

<p>Otaki</p>	<p>Otaki MenzShed has been involved in making two sets of crosses. The first was a little over 100 for the Otaki RSA which are placed at the serviceman's cemetery just before Anzac Day each year and removed soon after the Retreat. The second lot was a few hundred for Kapiti Coast District Council (KCDC) to put on display to commemorate Armistice Day.</p>	
<p>Waimea</p>	<p>Sheddies built a stylised replica of the Armistice carriage for a stage production by the Nelson Histrionics Society. See YouTube.</p>	

<p>Tapawera</p>	<p>An army training camp for the Marlborough, Nelson and West Coast regions was established at Tapawera early 1900s. The village had a significant commemoration event during the weekend and the shed helped with preparing and erecting about 20 signs around the village. We assisted at the gate too. A sheddie built a replica cart from the 1919 Nelson parade. More about the event on Facebook.</p>	
<p>South Dunedin</p>	<p>4000 memorial crosses for Dunedin RSA, shed has been recognised with an award. See Otago Daily Times story for images.</p>
